Planning & Design Loans

No-interest loans for wastewater, storm water
& drinking water infrastructure planning

Planning and Design Loans cover costs incurred in the planning and design phase of a proposed water infrastructure project. These loans have 0 percent interest for up to three years and require no initiation or servicing fees. In addition, there is no minimum or maximum loan amount. The loans may be rolled into a State Revolving Fund (SRF) Construction Loan or can be repaid when permanent financing is committed. The project planning and design costs must be directly related to proposed wastewater, storm water or drinking water projects.

Planning & Design Loans

Financial assistance for communities that are in the planning and design phase of a proposed water pollution control or drinking water project.

0 percent interest for up to three years

- NO** initiation fee
- NO** servicing fee
- NO** minimum loan amount
- NO** maximum loan amount

Eligible costs include: engineering fees, archaeological surveys, environmental studies and fees related to project plan preparation and submission.
